

# Lakeview Montessori Summer 2025

## A Summer of Fun and Exploration

*This summer students will explore and engage across a variety of exciting subjects! They will learn through discovery, hands-on activities, art projects and outdoor time.*

### Session 1

June 16-June 27  
*Closed June 19th*

#### ***Nature's Playground***

Children will explore nature all around us as they learn about living/nonliving things, plants/animals, and vertebrates/invertebrates. They will identify specimens around us through scavenger hunts, magnifying glass exploration, journaling, and nature art projects. Students will learn about plant and animal lifecycles, and gain a sense of appreciation for our natural world as well as an understanding of the importance of conservation.

### Session 2

June 30-July 11  
*Closed July 4th*

#### ***Live in Color!***

Students will discover art through color, texture, shape, and various mediums and techniques. We will begin by learning the basics of primary and secondary colors, line, dot, and form. Little artists will explore with paint, clay, color mixing, bubble art and more as they uncover various genres and themes in art all around them.

### Session 3

July 14-July 25

#### ***Exploring Outer Space***

Blast off with us as we explore outer space! Children will be introduced to the Milky Way galaxy, learn the eight planets in our solar system, discover that our sun is a star, watch the moon and its phases, and examine the layers of our home planet, Earth. They will do hands-on experiments and enjoy many space-themed activities.

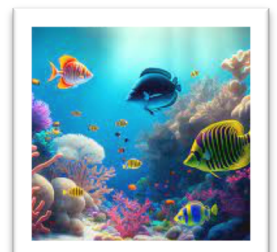

### Session 4

July 28-Aug 8

#### ***Under the Sea***

Dive in and explore the vastness of our earth's oceans. Students will identify the oceans on our globe, learn about the layers of the oceans, and explore the wild and wonderful creatures of the deep. Children will be introduced to whales and dolphins as aquatic mammals, and different types of shells as homes to invertebrate oceanic creatures. We will explore the coral reef and its unique inhabitants as children learn the importance of conserving and protecting this natural wonder.

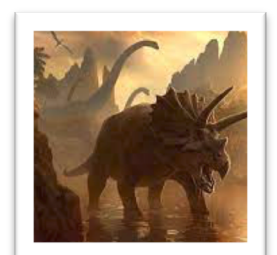

### Session 5

Aug 11-Aug 22

#### ***Age of the Dinosaurs***

Step back in time and walk with the dinosaurs! Students will be introduced to a variety of dinosaurs, both carnivores and herbivores. They will learn about the different periods, and which dinosaurs lived during which period. Our young paleontologists will explore dinosaur tracks and dig up dinosaur bones right here on our playground!

## A Summer of Fun and Exploration

Please review the following schedule, complete and return the enrollment form. **Spaces are limited and will be available on a first come, first served basis.** Summer sessions are usually in demand. In order for us to plan appropriate staffing and buy needed supplies, tuition for each session must be **paid in full** when you register and is **non-transferable** and **non-refundable**. If your child is a full-care student, and will attend **all** summer sessions, you may pay tuition on a monthly basis. **If you elect to pay monthly, this is a contractual agreement to pay the monthly tuition for the entire summer whether your child attends or not.** **We will be closed August 25-29 for teacher training and preparation days.**

TUITION FOR EACH 2 WEEK SUMMER SESSION:	9:00-3:00	8:00-6:00	9:00-11:30 or 12:30-3:00
5 days per week (M-F)	\$1042.50	\$1,235.00	\$610.00

☒ Check the boxes for which you are registering:

☐ Session 1: Nature's Playground

**June 16 – June 27 (Closed on the 19<sup>th</sup>)**

- ☐ M-F 9:00-11:30
- ☐ M-F 12:30-3:00
- ☐ M-F 9:00-3:00
- ☐ M-F 8:00-6:00
